Institut Provençana

The key to professional success

Intermediate VET courses
Advanced VET courses

Institut Provençana is a centre specialized in VET courses, interested in the quality of the provided services and in particular in the level of knowledge of his students. In this sense, from the 2005-2006 school year it has the ISO 9001 certification that distinguishes and encourages it to continue working in this direction.

Institut Provençana, concerned with the training of people, is actively engaged in the **ASSESSMENT SERVICE**, intended to validate the learning achieved through work experience.

Institut Provençana, which has the emblem of **Green School**, tries to involve his students with the concern for the environment.
